AMENDMENTS TO THE CLAIMS

NOV 3 0 2006

- 1-22 (Cancelled)
- 23. (Currently Amended) A method, comprising: placing a component of a hard disk drive in a packing containment unit of a packing tray; inverting an exchange tray with an exchange containment unit with respect to the packing trav and matching the packing containment unit;

positioning the exchange tray above and in contact with the packing tray; and rotating the packing tray and the exchange tray together to move the component from the packing tray to the exchange tray.

- 24. (Original) The method of claim 23, further comprising: holding a plurality of components in the packing tray simultaneously; and transferring the plurality of components to the exchange tray simultaneously.
- 25. (Original) The method of claim 23, wherein the exchange containment unit is an indentation shaped to hold the component.
- 26. (Original) The method of claim 23, wherein the exchange containment unit is a set of prongs to hold the component.

Amendment and RCE dated: November 30, 2006 Reply to Final Office Action dated: April 10, 2006

- 27. (Previously Presented) The method of claim 23, wherein a limiter attached to the exchange tray matches a limiter of the packing tray.
- 28. (Original) The method of claim 23, wherein the component is a magnetic read/write head.
- 29. (Original) The method of claim 23, wherein the component is a micro-actuator.
- 30. (Original) The method of claim 23, wherein the component is a head gimbal assembly.
- 31. (Original) The method of claim 23, wherein the component is a head suspension.
- 32. (Previously Presented) The method of claim 23, further comprising securing at least one pin hole in the exchange tray to at least one pin hole in the packing tray.
